

you will be in good company!

The Gatwick Diamond area is located just 30 minutes from central London with Gatwick International Airport at its heart. Global companies and many innovative enterprises have chosen the Gatwick Diamond for their regional headquarters. Dynamic industry clusters include: Life Sciences and Medical Devices; Advanced Manufacturing; Environmental Technologies; Financial and Professional Services; and Food & Beverages.

Healthcare Technologies and Life Sciences

A selection of some of the key healthcare and life science companies located in the area.

Research Expertise

- ◆ The University of Sussex has an established reputation for life sciences and has a number of biomedical companies working with it at the Sussex Innovation Centre.
- ◆ Royal Sussex County Hospital houses a nationally important trauma centre.
- ◆ Blond McIndoe Research Foundation specialises in the research and development of techniques and materials for burns and wound repair at their centre in East Grinstead.
- ◆ The University of Surrey is internationally recognised for its world-class research across many subjects.

A Talented & Skilled Workforce

- ◆ The Gatwick Diamond is a hub for research and development forging collaboration between university expertise and businesses.
- ◆ There is a well-qualified resident population with more than a quarter of working age residents holding a degree.
- ◆ Sussex and Brighton University hospital has a leading medical school.
- ◆ The Gatwick Diamond draws talent from across the UK to work with world leading companies.

Don't just take our word for it...

“ The Sussex Innovation Centre, a wholly-owned subsidiary of the University, is one of the UK's most successful catalysts for bringing together University expertise with external partners and investors. ”

*Dr Ian Carter,
Director of Research and Enterprise,
University of Sussex*

“ The Gatwick Diamond offers a large pool of experienced business, sales and marketing professionals from which we have drawn our successful team. ”

*Warren Kressinger-Dunn, CEO of JAOTech
- a leading manufacturer of specialist
medical terminals.*
