

you will be in good company!

The Gatwick Diamond area is located just 30 minutes from central London with Gatwick International Airport at its heart. Global companies and many innovative enterprises have chosen the Gatwick Diamond for their regional headquarters. Dynamic industry clusters include: Life Sciences and Medical Devices; Advanced Manufacturing; Environmental Technologies; Financial and Professional Services; and Food & Beverages.

Environmental Technologies

A selection of some of the key environmental technologies businesses located in the area.

Research Expertise

- ◆ A strong environmental technology academic programme offered at the Universities of Sussex and Brighton.
- ◆ Sussex Energy Group, a research group within the University, is undertaking important interdisciplinary research.
- ◆ Central Sussex College is a National Skills Academy Hub for the renewable energy sector.
- ◆ An extensive consultancy base supporting organisations with their environmental impact include: Assurity Consulting, Doosan and WS Atkins.

A Talented & Skilled Workforce

- ◆ A strong supply of skilled labour in a resident population of 650,000 with a workforce of 350,000.
- ◆ Excellent road and rail transport links drawing talent from an even wider area to work with world leading companies.
- ◆ Three Further and Higher Education Colleges (East Surrey College, Central Sussex College, NESCOL) and five Universities (Universities of Surrey, Brighton, Sussex, the University for the Creative Arts and the University Centre at Central Sussex College) supplying graduates, apprentices and interns in a wide range of disciplines.

What Manufacturers are Saying:

“ Trend Control Systems has been manufacturing and distributing from its base in Horsham, West Sussex for 30 years. The location, with excellent links to both national and international markets, along with an availability of skilled labour covering all business disciplines, has been significant in the rapid and continuing expansion of the company - now one of the leading Building Energy Management Systems suppliers worldwide with representation in over 50 countries. ”

Arman Saeidnia, Managing Director, Trend Control Systems Ltd.
